

Object Number	Object Name	Description
1974.89.61	Trunk	Wooden trunk with layers of black and brown paint, a pedestal base, C-shaped metal handles on each end and a hinged lid with two metal straps across the top and a lock at the front.
1975.1.1	Trunk, or sea chest	Rectangular, roughly constructed wooden trunk with loose woven string fabric attached to flat, hinged lid, hasp and staple lock at front and molding around the base.
1975.82.66	Trunk	Rectangular stained and varnished wood trunk with C-shaped handles at the sides, a molded pedestal base and red, white and black "CUNARD WHITE STAR" paper labels attached to lid and sides.
1981.36.1	Trunk	Leather trunk, black shiny finish, stitched natural leather straps, handles and binding, "E. S." initials on top in faded white. Interior has one removable drawer, edges treated with red tap, looped natural leather handles, hinging is multi-coloured and stripped, all surfaces are covered in a blue and white stripped cotton.
1982.32.23	Trunk	Large steel trunk with hinged lid and black and red mottled paint finish. Thick wire handles on sides and front and back. Lid has central lock and two additional latches at the sides.
1986.23.12	Trunk	Large wooden rectangular trunk with hinged lid: exterior is covered in paper with brown/black geometric pattern; edges reinforced with black metal angle; lock and leather straps for closing missing, one buckle remains in place.
1988.23.2	Trunk	Black steel car trunk with a chrome lock on top. Sides fold outward to access interior which has a wooden base.
1988.28.1	Trunk	Wooden trunk, exterior covered with fabric and painted dark brown with brass-coloured steel bands at edges and black steel trefoil brackets. Wooden slats with metal studs run along the lid, front and back. Two latches and one lock at the front.

1989.35.250	Trunk, footlocker	Black powder-coated, sheet metal box, handles on sides (welded on), one brass locking mechanism and two sliding pins to latch shut. Poor condition, trunk won't shut.
1976.91.1	Perforator, Printing	Straight-line perforating machine; enameled black cast iron frame stand with dark wooden tables on each side.
1977.19.1a-d	Register, Cash	Heavy white-painted steel cash register with a clear glass display and two rows of 16 keys and a wooden cash drawer.
1978.104.1, and 1983.4.1	Vulcanizer, Dental	2 dental vulcanizers. Metal cased vessels with domed lids and an inner chamber resting on a stand.
1979.133.1	Spotlight	Green spotlight with a large incandescent bulb fitted inside green metal cylindrical housing in front of a thick concave mirror.
1980.101.1 a-c	Churn	Iron and wood Dazey dairy churn.
1981.38.2	Engine, Gas	Small gas engine
1982.38.1	Pump	Cast iron base to a hand operated plunger pump.
1983.63.1	Wheel, Vehicle	Two sets of train axle and wheels.
1984.100.1	Toilet	White porcelain toilet bowl, bottom base has four holes for affixing to floor, manufacturer's name centre top between holes for seat hardware; back extends to hold water tank.
1985.21.4	Toolbox	Black painted wooden toolbox: tall pentagonal sides, handle cut-out centre of two angled top panels, one top pane double hinged and has oblong cutout for lock tab.
1985.70.1	Gate	Metal gate, frame from galvanized pipe with wire fencing as panel, one hinge, catch, parts of white paint remain.
1988.24.5	Pump, Bilge	Cast iron and metal bilge pump: red cylindrical body with pumping wooden handle on one end.
1988.26.1	Grindstone	Foot-operated gridstone mounted on a silver-painted steel frame with a seat and two pedals.

1988.36.2	Machine, lining	Barrett brake relining and grinding machine composed of a foot lever, top arm, and an electric motor and cord. Much of the object is red painted metal, though some parts are natural coloured iron.
1989.43.1	Churn, ice cream maker	Wood and iron, taped together.
1990.33.1	Lamp	Two ship/boat lights, electric round large lights, set in heavy cast iron 'stand' or attachment plate, and heavy glass cover at front.
2014.5.1	Saw, Table	Green-painted, "DELTA UNISAW" table saw. Object has adjustment wheels on two sides, two control panels, and a power cable.
2014.INV.1118	Trunk	Dark brown wood, rectangular; metal handles on short sides; lid hinged, small wooden compartments inside.
INV0714	Box	Rectangular steel box with hinged lid and latch with brass coloured padlock at front. Lid is crumpled and misshapen. Interior divided into two compartments.
INV0564	Box	A tall rectangular steel box with hinged lid and a hinged, square handle at each side. Painted red at the bottom and silver around the top. Remnants of a paper label at centre front.
2012.INV.146	Saw, boom saw	Large steel boom saw with remnants of yellow paint, mounted on a rectangular base plate with bolt holes in each corner. deep, narrow U-shaped bracket.
2012.INV.15-16, and 19	Tire	3 black rubber tires
2014.INV.1074	Transformer	Transformer panel, silver toned, long narrow metal box perforated at the sides, containing wooden blocks drilled with many holes and wired protruding from the holes.
2014.INV.817	Vulcanizer, Dental	Metal vulcanizer with dome shaped lid and crescent shaped handle. One metal foot on the bottom is broken.

2015.INV.57	Scale, Platform	Dark grey metal scale with flat rectangular platform; one pillar-shaped column with ionic decoration at the top, second pillar curved slightly with cut-out writing, two extra weights attached; grey slide measurement attached at the top.
INV0613	Components, Clock	Clock casing (no face) brown varnished wood, top shaped like a house roof, small glass windows on the side and glass door at the front, some metal components still inside.
INV1201	Basket, Bicycle	A metal wire bicycle basket. Rectangular in shape with two mounting bracket arms on the bottom.
INV1207	Jack, Lifting	Illinois Iron & Bolt Co. Vulcan Brand lifting jack: bell shaped base with handle, lifting screw head U-shaped over perforated cylinder; mounted onto wooden block.
INV1316	Pump	Smart-Turner 4 1/1 x 2 3/4 x 4 horizontal pump serial number 484531 on two supports for bracing; Manufacturer's plate located centre on horizontal bar.
INV2009-0276	mangle	Wood and metal mangle. Rusted.
