

## INLET

# ***Inlet: Contributions to Archaeology***

Peer-reviewed articles in archaeology, bioanthropology, and heritage studies. Short, accessible articles of 1,500–3,000 words are published open-access and online.

The following types of articles are welcome for submission:

- Concise description and thoughtful discussion of sites, features, artifacts and other archaeological discoveries
- Case studies
- Summaries of projects or site reports
- Analyses of legacy collections
- Expositions of new methodologies and technologies
- Syntheses of recent developments in theoretical perspectives
- Opinion letters related to issues impacting practice

**Inlet is currently accepting articles!**
